Topics

- Embrapii Vinnova Collaboration
- Direct hiring of International partners
- Collaboration through International calls without financial resources
- Reception of foreign interns

International

Partnership & Collaboration Models

Benefits:

- Knowledge exchange
- Technological risks are shared
- Each country has your own funding sources
- Workplans may be carried out in parallel (independents)
- Technologies are developed considering each country reality and specificities
- Brazilian side does not have to apply for a call (continuous flow)
